

The changing realities of urban agriculture in Suva, Fiji

- **Urban Agriculture (UA):** *a variety of food production that occurs within city boundaries*
- Urbanisation
- Food security
- Lack of institutional support

Urban agriculture in Suva

(Murray and Soulsby, 1999)

Research Questions

- 1) How has the spatial extent of UA changed over the last decade?
- 2) Which groups within Suva are involved in UA?
- 3) For what purpose is UA utilised?
- 4) What is the government policy towards UA and has it changed over the past decade?

Methods

- Mapping
- Questionnaire
- Semi-structured interviews
- Policy analysis

Research significance

- Temporal comparison of UA in Suva
- Challenge inappropriate development
- Potential to inform policy
